wallcoverings for the ultimate in refinement
de ultieme verfijning in muurbekleding
le revêtement mural dans sa quintessence
Wandbekleidung für raffinierte Eleganz

With over forty years' experience, Arte is well-known in the world of luxury interiors. Nowadays our sophisticated wallcovering is used all over the world, which is something we are really proud of. Every year we create an exquisite range of new collections which are designed in-house by a team of experienced designers. The emphasis is always on quality and innovation.

The designs immerse you in intriguing stories. Surprising materials are the finishing touch.

DÉCORS & PANORAMIQUES

Not only the pattern appeals to the imagination, the material used is also surprising. From velvety soft silk looks and bouclé fabrics to sophisticated linen effects.

"Décors" are lavish images that make a statement on the wall. These eye-catchers are easy to use in any room. The scenes of the "Panoramiques" are artistic gems and always consist of several panels that together form one panoramic whole.

Décor

SELAS

This décor's retro vibe featuring geometric half-moons is unmistakable. Named after the Greek word selas, meaning light, brightness, glow, the design combines two types of embroidery on a linen and viscose base: the crescent moon embroidery beautifully contrasts the tight vertical stripes.

Décor

DIORÉ

Dioré is a wonderful print on a high-pile textile. It is a contemporary, more abstract interpretation of classic tapestries. Thanks to the high quality of the textile and the colour nuances in the design, this wallcovering can barely be distinguished from a hand-tufted carpet. The design owes its name to the protected Forêt de Dioré on the island of Réunion.
