OBJET

Decorative mouldings have been adorning walls and ceilings in all shapes and styles for centuries. Examples include skirting boards, cornices, wainscoting or wall panels in stately mansions, imposing palaces or listed buildings. These form the source of inspiration for the Objet collection. Not only are these decorative wallcoverings easy to install, but they also add colour, texture and relief. They are finished in a soft suede look for an extra tactile result. As these wallcoverings are 3D, they also have a positive impact on the acoustics in a room.

SCULPTURA

Sculptura draws its inspiration from traditional plasterwork. Strips of plaster were arranged into a pattern by hand and then transformed into a surprising vinyl collection. The typical plaster structure of mesh, cracks and uneven areas is clearly visible. This intriguing wallcovering with its surprising geometric patterns subtly lends a touch of colour, relief and structure to the wall. The shadow play of light and dark brings smooth walls to life. In short, Sculptura lends a subtle decorative touch to your interior without demanding all your attention.

LES THERMES

Les Thermes depicts the rich history of Greco-Roman antiquity, in which sculpture and architecture both play an important role. The well-known bathing culture also has a prominent presence. This is reflected in aspects such as luxurious mosaics, traditional techniques and an impression of a hand-painted scene of Roman thermal baths. This opulent collection provides a taste of the grandeur of days long gone.

ESSENTIALS | L'INVITÉ

L'Invité draws its inspiration from the fashion world. It also flirts with neoclassicism, a movement in art in which the purity of the classics is pursued. The patterns exude luxury and play with various geometric shapes. A surprisingly modern colour palette alternates with the feel of natural materials and woven textiles. This makes the collection elegant, accessible and inviting.

MARQUETERIE

The natural product sisal, a hardwearing fibre from the agave plant, forms the basis of the Marqueterie collection. The natural woven pieces are cut and arranged by hand in different patterns. The traditional marquetry or inlay reveals striking geometric figures. Both the different direction of the weave and the colours create an unusual depth and texture to this 100% hand-made wallcovering. Depending on the incidence of light and the viewing position, a subtle sheen will become apparent.
